We offer a variety of collection methods to meet our clients' needs. Our services include the following:

- **Pre-Employment and Random Screenings**
- **On-Site Collections**
- **After Hours Collection by Appointment**

Employee Drug Screening:
Creating a Safer and More Productive Workplace

UA Testing:

- ✓ **Tamper Evident Container**
- ✓ **Fast/Dark Test Lines**
- ✓ **10 Panel Urine Screen**

Substances Tested For:

- Marijuana (THC)
- Benzodiazepines (BZO)
- Barbiturates (BAR)
- Cocaine/Codeine (COC)
- Phencyclidine (PCP)
- Opiates (OPI)
- Methamphetamine (MET)
- Methadone (MTD)
- Amphetamines (AMP)

Test Results:

Clients can elect from the following when obtaining test results:

- Telephone - To the requestor only or designee (If designee is assigned, must have written consent to release information)
- E-Mail - To the requestor only or designee
- Fax - To the requestor at number identified by requestor (MBS is not responsible for compromised confidentiality or interception of test results to an unattended fax machine)
- Client Returned - The requestor can opt for the donor to return a copy of the results provided to them (MBS is not responsible for the donor not providing results requested to the requestor, nor tampering/changing of results once the donor leaves our facility)

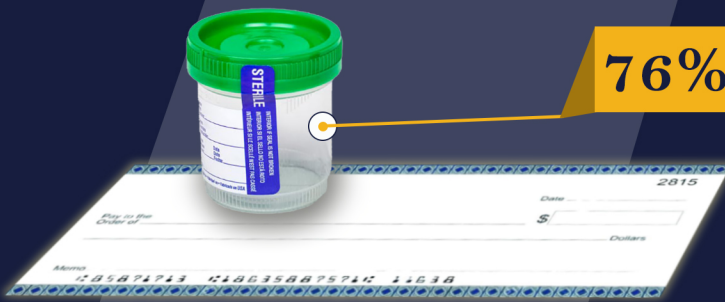

Did You Know?

...76 % of illegal drug users hold either full or part-time jobs?

Facts

- 98% of Fortune 200 companies do drug testing
- Drug use costs employers \$75 to \$100 billion annually (US Dept. of Labor)
- 65% of all “on the job” accidents are related to drugs or alcohol
- Substance abusers utilize 16X’s as many health care benefits compared to non-abusers
- Substance abusers are 6X’s more likely to file for workers compensation than non-abusers

76%
